

## Parents' Guide to Using HWB

	<p>Log in here</p> <p>username@hwbcymru.net</p>
---	---

	<p>Once logged in, hover over the nine dots (waffle). This will show you all of your options. You most useful icons will be Office 365 and Just 2 Easy</p>
--	--

J2E – This is a platform where children are able to create databases, code, practise times tables, practise spellings and many other exciting activities within the safe confines of the HWB community.  
 Some of the activities are:  
 J2Blast – Children can play competitively while keeping their spelling and times tables skills sharp.  
 J2code – Children are able to complete on line lessons and watch video tutorials on how to code  
 J2Data – Databases, charts, graphs etc can be created following a data collection task

Office 365 – Here children are able to access and create docs, PowerPoints and spreadsheets. They should click on the programme they would like to use and start creating.
